Mr. Morgan:

I wanted to pass on to your office the Schedule for the affected areas which will be affected by the change over to the new water lines and removal of the old lines. This will require the system to be shut down for several periods.

A Boil Water Notice will be issued and all effected areas have been notified of this schedule by the Contractor, via, Homeowners Association, e-mail and by knocking on doors. The Boil water notice will start January 07, 2008 and will not be lifted until our utility has been provided the required Bacti Reports clearing the lines.

I will keep you posted as the project moves forward and, please feel free to contact me anytime should you need anything else.

Thanks,

Mark S. Wrigley

Subject: Water shut down for Wyboo and Deercreek Plantations.

Mark,

Attached is a schedule for the water shut-off and the affected areas for the final work to be completed in and around Wyboo Plantation Phase I and 2. This will also affect Deercreek Plantation.

This is for water only and provided to me by Barwick Plumbing Company. It is my understanding that there will be a required boil water notice for the affected areas.

If you have any questions please contact me.

Thanks,

Jimmy Tisdale
